

G & B PRODUCTS INC.

Extended Reach Air Ratchet

G&B Products, Inc. has introduced a never-before-seen 1/4" and 3/8" drive extended reach air ratchet. The standard tool comes in overall length 18 1/4" for the 1/4" drive and 20" for the 3/8" drive. The ratchet was designed for the automotive industry by a mechanic to accommodate hard to reach and narrow areas. Using this ratchet greatly reduces labor time for many applications including water pumps, timing-belts, air conditioning compressors, and more .

When put to the test by automotive dealership service centers, the time it took to replace timing belts were greatly reduced! G & B's extended air ratchets will save money by saving time while reducing on-the-job frustration levels.

Also great for many other professional applications.

Patent Number:
7,779,731

1/4" Drive 18.25"
WORKING TORQUE (FT/LB): 15
AIR PRESSURE (PSI): 90
FREE SPEED (RPM): 200
AIR INLET (NPT): 1/4"
HOSE SIZE (I.D.): 3/8"
WEIGHT (LBS): 2.75

3/8" Drive 20"
WORKING TORQUE (FT/LB): 45
AIR PRESSURE (PSI): 90
FREE SPEED (RPM): 160
AIR INLET (NPT): 1/4"
HOSE SIZE (I.D.): 3/8"
WEIGHT (LBS): 3.75
